April 26, 2006

Dear Dr. Kan,

Thank you for your recent facsimile drawing our attention to the instructions made by Mr. Danny Chu regarding his two donations made in 2002 and 2003, as indicated in his letter to our Accounting Department on June 24, 2005. Following Mr. Chu's indications to attribute his two gifts, which total \$15,000 made in 2002 and 2003, to the credits of the Toronto Cathay Lions Club, we are pleased to inform you that the new total giving amount under your organization will be **\$105,999.95** to date.

We are also delighted to inform you that with the renewed total amount of giving under the Toronto Cathay Lions Club, your organisation's contribution to the Mon Sheong Foundation will be recognized at the "**Partner**" level (\$100,000 - \$199,999) of the Donor Wall in our Richmond Hill Long Term Care Centre.

From a single Home for the Aged in downtown Toronto, to two additional state-of-the-art long-term care centres in Richmond Hill and Scarborough providing professional care round-the-clock to more than 450 frail elderly and disabled persons, our dreams of serving the needy ones in the Chinese community would have never come true without some socially-caring organizations like the Toronto Cathay Lions Club.

We are deeply grateful for your support, and on behalf of the many elderly and disabled residents under our care, we thank you and all past and present members of the Toronto Cathay Lions Club for making a difference in their lives!

We also look forward to more collaboration opportunities with your organization in the near future!

Should there be any suggestions or queries, please feel free to contact me.

Sincerely yours,

Tanling Yeung  
Director of Fundraising & Development
